INTRODUCTION

R V INFRA DEVELOPERS is a dynamic and growing company specializing in solar power projects and civil construction works. Since our establishment, we have been committed to delivering high-quality, cost-effective, and timely solutions for infrastructure development.

With expertise in executing large-scale solar installations, structural works, and civil projects, we strive to combine innovation with reliability. Our focus is on building sustainable, long-lasting solutions that meet client requirements while adhering to the highest safety and quality standards.

We are presently working 150MW, NHPC Solar site at pedaballi, satya sai district.

Marking for MMS Pile foundation with Total Station.

Drilling of MMS Pile foundation with Bore well Machine.

Concreting for MMS foundation

MMS Structure work in Rafter fixing

MMS Structure work with rafter and purlins

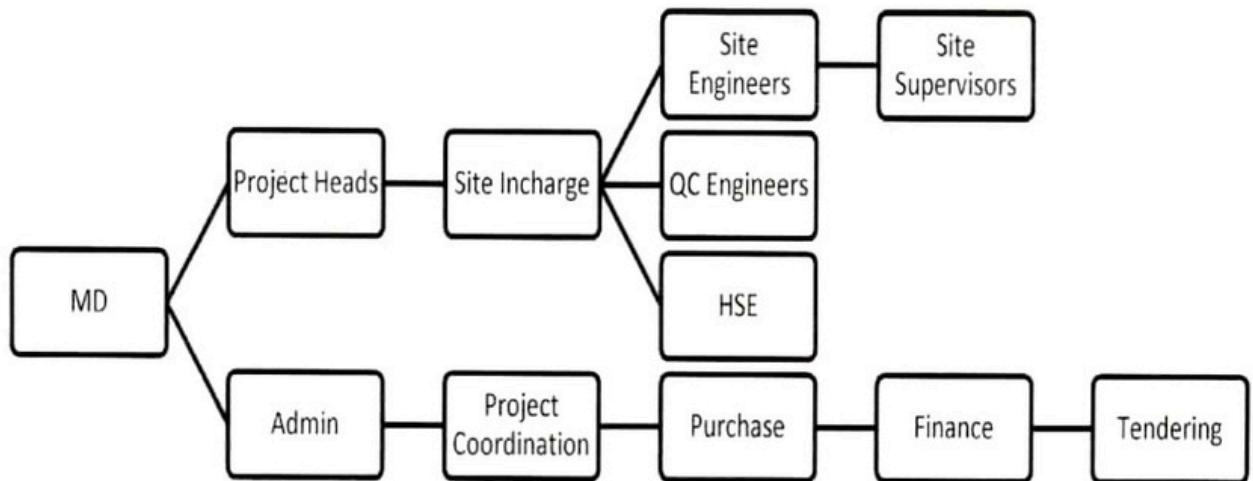

MMS and Module mounting work

1. Contract's Price

- A. This is a lump sum contract, and shall be paid on a **unit rate basis i.e. per MWp** completed, The quantity considered now is **12 MWp** but the final billing will be done on the actual quantity and certified by the employer's representative subject to quality control as advised in the work Contractor.
- B. ILIOS Power Private Limited (IPPL) shall only pay for the work carried out and
- C. completed by the contractor subject to approved Drawing, specifications, Annexures, which have been agreed by Ilios Power & employer. For processing the progressive running bills, the measurement of quantity shall be as per approved drawing and certified by the employer's representative.
- D. GST and other statutory payments are applicable as per the act. These rates shall be valid irrespective of location, nature, and specification.
- E. It is established that the contractor has understood the scope of work and the requirement of Ilios Power/employer and any changes/concerns raised by them shall be addressed by the contractor **free of cost**.
- F. It is to be noted that the work Contractor is based on a **unit rate basis and is a fixed price contract**. Final settlement shall be made after the confirmation of the quantity of MWp as certified by the employer's representative. Any work that the contractor finds is out of scope shall be informed by written communication to all the stakeholders and shall only be carried out after written communication from the stakeholders along with the revised price agreed by both parties.
